

Eminence

Amazing Organic Skin Care Products

Eminence contains all natural ingredients; it is completely organic, made purely from fruits, vegetables, flowers, herbs, minerals and spices. There are absolutely no synthetic contents or nasty chemicals in these products. Eminence is bursting with active ingredients - the things that really make a difference to your skin. They are rich in vitamins, minerals and essential fatty acids to renew, repair, rejuvenate and feed your skin with all the natural goodness your body needs. Your skin is the biggest organ of the body, but it is the last one to receive nutrients from the food we eat, why not pump that 7-a-day goodness straight to the skin; give your skin a healthy diet.

You think that sounds amazing, but it is way more than that. All the crops used in the products are organically grown; they are planted by hand and handpicked. The products are cold pressed, which means no heating or hydrogenating processes that would affect the potency of the natural ingredients. The packaging is all eco-friendly, vegetable based inks and recycled paper - even the delivery boxes are reused and the packing chips are 100% biodegradable. The factories are run on wind and solar energy, not only that, but this eco-friendly, organic company plants one tree in an equatorial deforestation area for every Eminence product sold. And they never test on animals.

Purple Papillon Beauty

Location

Purple Papillon Beauty
Fernlea Close, Le Chemin Au Grèves, Grouville, Jersey JE3 9BR

Directions

If you're coming from Gorey, go past the Royal Jersey Golf Club and Pembroke pub, take the next left (but the second fork of that left). The salon is the first lane on the right.

Free Parking
